ENGANÛLIRO NDIRÎ Y'ENDAGANO YA MÎRA

Owalonza agashongwire adoma ah'iriba Pour être plus près du sens et du message bibliaue, toutes les traduction bibliques doivent se référer à la langue orginale en triple version : hébreu, araméen et grec. Toute négligence de ces trois langues appauvrit le contact avec la parole de Dieu. Cette recherche réalisée en se servant du programme Pretext 8 se veux une contribution à la vulgarisation du texte dans les différentes langues véhinaculaires, en l'occurrence le Mashi, langue parlée en Républiaue Démocratique du Congo, en Zambie, en Namibie et en Angola selon 7:29 / 2:01:44 The Jesus Film - Mashi / Masi Language (Zambia, Angola, Namibia) produced in https:youtu.be/WUbuG4DE1gM). http:worldbibles.org/language_detail/eng/shr/Mashi Pour faciliter la tâche aux lecteurs, nous avons essayer de faire une translittération de l'hébreu lisible en mashi et parfois lisible en français car beaucoup de lecteurs du mashi connaissent aussi le français. C'est pourquoi un mélange dans cette lecture : https:www.youtube.com/watch?v=lB82iLmRiJ8
